Annex 2. Regarding the sale of a 49% stake in UAB Vilniaus kogeneracinė jėgainė

Article 55.5.1 of the Articles of Association of AB “Ignitis grupė” (hereinafter – the Company) stipulates that the Management Board of AB “Ignitis grupė” makes a decision on transfer, pledge, other restriction or disposal of shares or rights attached thereto of the companies of AB “Ignitis grupė” group of companies which have the status of companies of importance to national security and engage in generation, distribution and supply activities in the energy sector as well as of companies directly managed by AB “Ignitis grupė” which engage in activities in the energy generation; under Article 57 of the Articles of Association of AB “Ignitis grupė”, the above-mentioned decision of the Management Board requires the agreement of the General Meeting of Shareholders, and taking this into account, the matter is hereby submitted to the General Meeting of Shareholders of AB “Ignitis grupė”.

In the letter from the Ministry of Finance of the Republic of Lithuania, which represents the State as the majority shareholder of the Company regarding the objectives pursued and the expectations set by the State for the Company (the version of the Order No. 1K-188 of the Minister of Finance of 11 May 2023), it is recommended that to maximize the return on investment and to use financial resources efficiently, the Group should implement an asset rotation strategy, which is a common practice in the energy sector, where a stake in each of the Group’s green energy generation project could be sold to investors. On 14 May 2024, the Company’s Supervisory Board approved the updated strategy of AB “Ignitis grupė” group of companies (hereinafter – the Group), which includes asset rotation as one of its business models, allowing for the sale of up to 49% of shares in developed projects to reinvest capital and achieve additional returns. The Group significantly contributes to the implementation of Lithuania’s energy independence strategy through its investments. The Group has planned investments of EUR 3.0–4.0 billion in the green capacities and distribution networks during the 2025–2028 period. The equity raised through the asset rotation program will contribute to the financing needed for the expansion of green capacities and enhancement of network resilience, while maintaining sustainable debt ratios.

In implementing the project to modernise Vilnius city’s centralised heat supply system by building a cogeneration plant that uses local and renewable energy resources, the Group established UAB Vilniaus kogeneracinė jėgainė on 19 February 2015. The European Commission, by its decision of 19 September 2016 in the state aid case SA.41539 (2016/N), approved the provision of investment aid for the construction of a high-efficiency cogeneration plant in Vilnius. The above-mentioned decision stipulates that a tender must be organised for the transfer of 49% of the shares of UAB Vilniaus kogeneracinė jėgainė to a private partner within 6 months following the completion of the cogeneration plant construction project.

On 29 May 2017, a Cooperation Agreement (hereinafter referred to as the Agreement) was concluded between Vilnius City Municipality, AB “Miesto gijos” (formerly AB “Vilniaus šilumos tinklai”) and the Company (formerly UAB “Lietuvos energija”) in which it is stated that, based on the cooperation of the parties, an agreement shall be concluded for the purchase of shares of UAB Vilniaus kogeneracinė jėgainė, constituting no more than 5% of all shares issued by UAB Vilniaus kogeneracinė jėgainė.

In December 2023, the biomass unit of UAB Vilniaus kogeneracinė jėgainė reached a partial (149 MWth, 50 MWe) commercial operation date for commercial heat and electricity generation, and in May 2024, it received certificates from the National Energy Regulatory Council to use the equipment of the biomass unit at its full capacity of 170 MWth. On 23 May 2025, it obtained a permit to generate electricity at its full capacity of 71 MWe. This means that the construction project of UAB Vilniaus kogeneracinė jėgainė, including the biomass and waste-to-energy units, has been fully implemented.

On 23 May 2024, in light of the European Commission decision of 19 September 2016 in the state aid case SA.41539 (2016/N) and in order to implement the asset rotation program outlined in the Group’s strategy, the sale process for a minority share package (up to 49%) of the Company’s wholly-owned subsidiary UAB Vilniaus kogeneracinė jėgainė was initiated. The sale process was conducted in accordance with the Policy for the Full or Partial Sale of the Shares in the Group’s subsidiaries.

During the process of selling the minority share package of UAB Vilniaus kogeneracinė įėgainė, the proposal from the Swiss infrastructure fund QEIF III Infra S.à r.l (hereinafter - Quaero Capital) was selected as the offer with the best terms. It is noteworthy that, under the terms of the agreement, the value of 100% of the equity of UAB Vilniaus kogeneracinė įėgainė amounts to EUR 244 million, while the value of the 49% stake being acquired by Quaero Capital amounts to EUR 120 million. It consists of a fixed payment of EUR 110 million and a conditional (earn-out) payment of EUR 10 million, which depends on performance of UAB Vilniaus kogeneracinė įėgainė. In total, the Group into UAB Vilniaus kogeneracinė įėgainė has invested EUR 52 million of equity.

Based on the Agreement, AB "Miesto gijos" also participated in the process of selling the minority share package of UAB Vilniaus kogeneracinė įėgainė. The Group agreed to sell one share of UAB Vilniaus kogeneracinė įėgainė to AB "Miesto gijos" at a price of EUR 2. If AB "Miesto gijos" fails to fulfil the transaction completion conditions, Quaero Capital shall be granted the right to acquire one share of UAB Vilniaus kogeneracinė įėgainė.

The share purchase agreements are expected to be signed by the end of March 2026, following agreement from the Group's General Meeting of Shareholders to transfer the shares of UAB Vilniaus kogeneracinė įėgainė. The transactions are expected to be completed in the second quarter of 2026, upon receiving the necessary approvals from relevant Lithuanian and Latvian authorities and fulfilling other conditions outlined in the agreement.

AB "Ignitis grupė" will remain the owner of 51% of the share capital of UAB Vilniaus kogeneracinė įėgainė in all cases.
