Calculation of average wages = Wages-fund*/ average conditional number of the employees

* The following shall be included in the wages-fund:

- payment for time worked,
- overtime
- work at night,
- work on weekends and public holidays,
- annual leave (holiday allowance for the upcoming month included in the wages for that month along with which it was paid),
- additional paid leave,
- additional days off for those raising children,
- payment of additional days off under the additional benefits procedure,
- supplements during the reporting period.

Average conditional number of the employees – it is the number of the employees converted to those working full month full time.

Paid monthly variable component of remuneration (VCR) = Annual VCR /12 + Semiannual VCR/6+ Quarterly VCR /3.

** The remuneration is not disclosed due to the regulations in the company's home country.
