Calculation of average wages = Wages-fund*/ average conditional number of the employees
 * The following shall be included in the wages-fund:
• payment for time worked,
• overtime
• work at night,
• work on weekends and public holidays,
• annual leave (holiday allowance for the upcoming month included in the wages for that month along with which it was paid),
• additional paid leave,
• additional days off for those raising children,
• payment of additional days off under the additional benefits procedure,
• supplements during the reporting period.
Average conditional number of the employees – it is the number of the employees converted to those working full month full time.
Paid monthly variable component of remuneration (VCR) = Annual VCR /12 + Semiannual VCR/6+ Quarterly VCR /3.
